TRIP TICKET PROGRAM

What is the Trip Ticket Program?

The trip ticket program was established by the Louisiana Legislature in 1991 as a system to collect commercial landings and associated information by trip. Funding for the trip ticket program became available in 1998 and the program started January 1, 1999.

Why do we Need Trip Tickets?

Trip tickets are quickly becoming the standard method of marine commercial landings collection throughout the nation. Individual trip information provides fishery scientists with gear and area specific catch information that will improve the accuracy of stock assessments. Individual trip information will also provide fishery managers information on the impact of environmental changes and catastrophic events (such as hurricanes) on the fishery.

Who Has to Report?

All Wholesale/Retail Dealers and Fresh Products Licensees must participate in the trip ticket program.

Is the Information I Provide on Trip Tickets Confidential?

YES. The information provided on trip tickets is protected under state confidentiality statutes.

When are Reports Due?

By the 10th of the month for the preceding month

Can I Send in Reports More Often Than Once a Month?

YES. You can send in reports as often as you like as long as all the previous months reports are sent to the department by the 10th.

Where and How are Reports Sent?

The department will supply self-addressed envelopes. The dealer is responsible for the postage.

What Type of Report(s) do I Need to Fill Out?

Wholesale/Retail Dealers that purchase fish from commercial fishermen and commercial fishermen with a Fresh Products license need to fill out the following reports:

- Trip Tickets
- Monthly Submission Sheet

Wholesale/Retail Dealers that do not purchase fish from commercial fishermen or handle only farm raised product need only fill out the following report:

- Monthly Submission Sheet

Wholesale/Retail Dealers that shed crabs or operate a shedding facility need to fill out the following reports:

- Trip Tickets
- Monthly Submission Sheet
- Monthly Crab Shedder Sheet

When do I need to fill out a trip ticket?

A trip ticket must be filled out when the commercial fisherman transfers his catch to a wholesale/retail dealer or fresh products licensee .

When do I need to fill out a Monthly Submission Sheet ?

A Monthly Submission Sheet must be filled out and sent to the department at least each month. The monthly submission sheet documents the number of trip tickets filled out each time trip tickets are sent to the department. If no trips are taken for a given month, you are still required to send a monthly submission sheet indicating "0" trips were obtained for that month.

When do I need to fill out a Monthly Crab Shedder Sheet?

A Monthly Crab Shedder Sheet must be filled out and sent to the department at least each month. The monthly crab shedder sheet documents the number of peelers put into the shedder and the number of soft shells produced. If no peelers are taken in for a given month and there are no soft shells produced, you are still required to send a monthly crab shedder sheet indicating "0" for number of peelers and "0" for number of soft shells produced.

How do I get report forms?

The Department will provide all forms. **Obtaining report forms is the responsibility of the license holder.** You must determine the type and number of forms you will need to last about 6 months. You must not wait until you run out of forms before requesting additional forms. **Trip tickets are assigned to you and cannot be shared among other license holders.**

Who do I call to get forms?

Call the department at **(225)763-3588** during regular working hours **(Monday-Friday, 8:00am - 4:30pm)**. Have your wholesale/retail dealers or fresh products license number ready when you call.

Who do I call if I need help filling out forms?

Please note: You must use original trip tickets, monthly submission sheets, and/or crab shedder sheets. Copies of these forms will not be accepted.
